Philadelphia, Penna.

EMERGENCY FLEET  
CORPORATION

Dear Sir:

You were kind enough to write an article for publication in the AMERICAN FEDERATIONIST, and said that you would be willing to write others upon suggested subjects. One very interesting development in connection with the practical work of the ship-building program is the training of labor managers and the development of the science of labor management. I am sure that an article on this subject, showing the purposes to be accomplished and the program and arrangements for training labor managers, would be of vital interest to the readers of the AMERICAN FEDERATIONIST. I hope I can prevail upon you to write such an article for the AMERICAN FEDERATIONIST.

With best wishes, I am,

Very truly yours,

*Samuel Gompers*  
President,  
American Federation of Labor.
