

THE JOINT CHIEFS OF STAFF  
WASHINGTON, D. C. 20301

14 May 1969

Dear Professor Bloomfield:

I would like to express my sincere appreciation for your outstanding performance as Game Director during the interagency, politico-military game, SIGMA I-69.

Your understanding of problems of national and international significance and your searching observations during Control deliberations made a substantial contribution to the success of this effort. The skillful manner in which you moderated the Critique of the game, as well as your adeptness in identifying fundamental issues while leading a committee of experts through an exploration of those issues, problems and questions associated with a complex international crisis situation, enhanced the value of SIGMA I-69 to all of the participants and observers.

Again, I want to express my thanks for your outstanding work and valuable contributions during SIGMA I-69.

Sincerely,
