TO THE
UNITED NATIONS

July 18, 1975

Dear Linc:

Thank you so much for the article and for the text of the commentary. Much good could be done if more people started taking these matters as seriously as they deserve to be taken, and your performance sounds as if it was a noble step.

And thank you as well for your congratulations, Now that I'm here, I'm beginning to realize just how much luck I'm going to need.

Sincerely yours,
