

WAR DEPARTMENT
WASHINGTON

February 1st, 1912.

My dear Mr. Bloomfield:

I have received your letter of January 26th and also copies of your report. I have read the latter with great interest. I believe it will be of great assistance in helping us to the right course in regard to education in Porto Rico. It seems to me to be very thoughtful and thorough.

Very sincerely yours,

A. L. Stimson
